SUMMARY

Hello. Here is a professional software developer with hands-on experience in web development.

For last more than 5 years, I have developed many front-end/back-end with high ratings and good feedback from the users.

I successfully created these web sites and services in PHP(Laravel), Wordpress, Ecommerce, React.js, Vue.js, Node.js, Ruby on Rails, Python(Django), Java, MySQL, PosgreSQL, MongoDB and AWS. Of course, I have good experience in working as a team member. I am a full-time freelancer with good communication skills and my work is always perfect and high-qualified.

While working with you, I make sure the "Quality", "Speed", "Availability", "Co-operative" and "Honesty". Looking for a long-term, I am here to develop the websites for you who want to improve your idea and turn it into a live service.
